“ Hi baby girl it's mommy, it's been six months since you have gone home mommies pain is no less the tears to fall. my heart still aches to hear your voice to see your beautiful smile. I miss you struggling to survive without you. People say I'm strong but I was strong as long as I had you by my side. It was always you and mommy against the world. My world came to a halt the day you left. How am I going to go on without you?

“ I have only memories of Seville smiling. She was always happy and her infectious happy mood was a welcomed addition to our classroom. She will be missed. As I said to you on the phone, Seville was a special student to me and she made every effort to stay in touch over the years. As life became so busy, we sometimes lost touch. It will be a regret for me always but I'm comforted knowing we were a special part of eachothers' lives. My thoughts are with you. xoxo

“ To the family of Seville Franciosi

God Bless your family! God has taken Seville to a special place in heaven with him. She will surely be missed by all but know that she is dancing with the great Lord our Father.

“ We are so very sad that Seville, with her beautiful soul and her beautiful spirit, has left us. We so enjoyed her visits to our house and our visits to her at your house. She will live on in our memories. We ache for what a difficult time this must be for all of you and want you to know you are in our thoughts and prayers.

Love,

“ I am truly sorry to have heard about your loss. May the wonderful memories of Seville bring a measure of warmth and comfort to your heart and may God strengthen your family during this time of sorrow so that you can cope with each passing day. Psalm 34:18.

“ Sonya, Dennis, LJ, Andrew and Denae,

May the amazing memories of beautiful Seville carry you through these darkest times. You're all so strong, and with the ability to lean on each other, you'll make it through this. She is shining down on you - dancing, eating, doing all the things that her earth body wouldn't allow. She wants to see you shine and be happy - that's the type of person she was. I love you all, and you know I am here for you always.

“ Within the last 7 months I have lost two very special people in my life. As hard as it for me. I know it's harder for my auntie. Right now losing her baby girl and her Bestfriend. My heart is very heavy right now as I just want to hug my cousin one last time and tell her that I love her to the moon and back . I know she's in a better place right now and I'm happy to know that. She's no longer suffering from pain. She's happier then ever right now and I will be just as happy for her. I love you cousin you bought so much laughter and joy to my life and I would give up anything to have you back on earth right now. Villie. You will be missed I already miss you and it's only been a couple of hours since I found out. RIP BABY GIRL. SEE YOU LATER. ITS NEVER A GOODBYE.
