“ I only learned last night (June 19th, as I read The Herald newspaper) of Agnieszka's tragic death January 2nd. I was away in January when the road accident happened. I feel saddened beyond belief. I thought it can't be the wonderfully kind, friendly , young lady I knew from frequent trips to Mill Creek's Fred Meyer grocery. She was unique - always smiling and very friendly, yet the hardest working person I've ever seen! Truly, she never slowed down; she loved her work. I was only fortunate enough to speak with her a couple of times- I was curious about her background and thought it would be great fun to meet for lunch someday and get to know her better. I told her I had had a very close Polish friend, Jolanta, who had recently died. I felt especially drawn to Agnieszka now. On most shopping trips I was in a hurry so didnt always engage her but I always looked for her. When I missed seeing her after some time I asked where she was. I learned she was married and an employee told me "they " had bought a house a little north and she had transferred to another Fred Meyer. I was sad to think I wouldn't be seeing her. But I was happy for her and for Adam. I know all of her fellow employees admired and respected her. The one I spoke to even told me that he hoped to be special, just like her. Her friendly and hard working nature live on to inspire us all. I dont think I will ever forget meeting her.

My deep condolences to you, her family and friends . You had a very special daughter, sister, aunt and friend. I hope that your many happy memories of Agnieszka will comfort you. God bless.

“ We met Agnes when Adam worked for Waste Management. We would see her occasionally at Fred Meyer. The last time we saw her in November, we exchanged numbers and had plans to visit them and see their new home after the holidays. Her smiling face will be truly missed. Our deepest Sympathy to both families,

Mark and Lori McCulloch

“ I was blessed to have known Agnes through Fred Meyer's. I got a chance to work with her at the Mill Creek and the Snohomish locations. She was a very kind, happy, loving person. She always had a smile and a good word to say. It didn't take much to make her blush. :-)

She will be greatly missed.
