“ Remembering the days when we lived across the street from each other and we would run through the kitchen and grab some fresh fried plantains, still hot and full of love!

“ *Wow , after reading everyone's loving remarks I'm in an awkward position. So let me try ... unselfishness, this is my biggest memory about you . You gave no questions asked . No matter the situation good or bad you were there . As I wondered about your unselfishness you would always say " I would do anything for my family. " . Those words stuck with me , and to this day I try to live by those words. I hope I can make you proud grandma, love you always . Joeito*

“ My grandmother was such a loving and strong person. Her family meant everything to her. If we were ok, she was happy. It was that simple. Her love for us was never ending.

She taught me how to be strong. A woman who always said I work hard so my family wants for nothing. This was true as grandma always made sure we had what we needed. She would always make us grandkids feel like there was nothing more important than us.

I have so many beautiful memories of growing up with my grandparents. I remember spending a lot of time in the kitchen watching grandma cook. She was the best cook and funny enough she didn't even like cooking. She told me she cooked from a very young age to help the family as my great grandmother was working. She only cooked for her family because she knew how much we loved her food. I remember sleeping over her house and talking with her at night about her life and what life was like for her growing up Puerto Rico. So many memories and the best advice.

Thank you grandma for all the love and support you've given me. You always made me feel special and never judged. You will be missed. I know you are happy you finally get to see all the family we've lost over the years. Your memories will always live on in my heart. Rest in peace. Until we see each other again, I love you.

“ Dinorah always greeted me with a warm smile whenever I saw her. I think it was because I helped put her mind at ease - knowing her grandson, Augustine III, and her grandchildren, Angele and Augustine IV, were happy and being taken care of. She was a selfless woman who thought only of her family and loved them dearly. May God bless her and all who loved her.

“ Mom passed away on January 29, 2022 after 90+ years on this earth.

My mother's joy was seeing her immediate Family happy, settled and successful. The many lessons I learned from Mom always revolved around Family as she prepared me to always be vigilant of the situations and be ready to move in and solve the problems.

My mothers real joy came from being "the Family's problem solver". From handing you a few thousand dollars to solve a money issue, to Baby sitting for days on end to allow us the parents some leisure time, to walking endless miles to get to someone who needed her. Never did I ever hear " I can't". She always found a way, followed by the smile of accomplishment.

Mom gave me many advices as I became a family man at the young age of 18, and I could feel her presence watching over my young family from afar, since she realized I was a very independent person and had learned the many lessons taught.

She helped us raise Gusy (Augustine III) since both me and Evelyn had to work to make ends meet, and that forged a relationship that would last till her last day. Gusy was the last visitor she had, how befitting..

Mom, I'm soooooo sorry I had to put you in the Nursing Home the last few years of your life, however we had run out of options and I was not prepared to be a Caregiver. I guess I didn't learn all the lessons you taught me.

Rest in Peace and I'll make sure Auggie (Augustine IV) walks a straight path and turns into the responsible, decent Man you would have wanted.

*Love you always,
Junior*
