“ I have been with Joan for eight years, with her great sense of humor, always reflects in my memory. For instance, one time a doctor asked “ Joan, how do you feel “? She answered “with my hands” the doctor laughed. working with Joan, I never get tired. She was so lovely, kind hearted, respectful and above all God fearing woman. In my whole life, I have never spend four month in a house or apartment for three month without a break, but with Joan I even spent a year of no feeling I’m working. Joan had been a blessing to me. She is part of my memory life in America. Me being with her, fetched so many blessings. Oh my Joan, though we all know end of life will visit one day, but didn’t know that was so close in 1st month in 2019. My dear, your memory will never depart from me. Love you and rest in perfect peace.
