“ I remember when we first met at hill park he had at the time his spikey hair an was wearing a button up looking smooth we met through a mutual friend this kid joe. Anyway I just remember he being this jokester an very funny we instantly clicked years later we were like brothers he stay over whenever he was in queens an one thing I'll take with me was one time around Christmas I was living with my girl at the time about 4 years ago but she was spending the holidays with her family an my fam wasn't around my mom lives in Arizona an at the time me an my dad who lived in Long Island weren't on food terms I remember sitting in my house by myself thinking of what Ima be doing for the holiday being that I was alone I remember gypsy hit me up at like 11 an asked me if I can scoop him by the mall, mind u there was a snow storm anyway I wind up driving out an picking him up by the college green bar at the time but anyway I pick him up an I'm saying to myself this kid was crazy coming out in this weather especially cause he was taking public transportation so he gets in my car an we drive to my house an we get out to go in the crib an he hands me this shopping bag an tells me don't open it till u get inside so I waited an when I finally did open it he told me I know you feel alone but I wanted to give this to u merry christmas 🥺🥺🥺🥺🥺 that meant the world to me especially cause of what I was going through. I wanted to tell u Ima miss u like no other an although me an u used to argue an fight even though I never told you this except on the holidays I want to take the time to say sorry for being an ass sometimes an I also wanted to tell u that u were one of my best friends an we had a lot of laughs with eachother an I remember getting those calls always at crazy hours of the night an always remember making that left onto the strip of queens center mall in front of models to pick u up when u came from Staten Island . My heart an prayers go out to your family for this big loss of there's an of mine you truely were one of a kind your birthday was the day after mine an I have two videos of you that I will never forget I miss u my g. Right now your probably up in heaven listening to some jada a wrestling with Jesus talking bout you got it daddy you got it my G I love bro an ill miss u forever
